From Zacheus Simbaya

Thank you for taking the time to review this portfolio. I started Seedwel Investment LTD with a simple idea: businesses in Zambia and across the world deserve agency-quality digital work without the agency price tag. Six years later, that idea has grown into 150+ delivered projects, a 98.9% client satisfaction rate, and a 24/7 team that treats every project like our own.

Inside, you will find a clear summary of what we do, the search and digital services we provide, the results we have shipped, and a few featured projects. If something here is useful for your business, I would love to hear from you — the fastest way is WhatsApp or a call to the number on the back cover.

— Zacheus Simbaya

WHO WE ARE

About Seedwel Investment LTD

Seedwel Investment LTD is a premium digital agency dedicated to building experiences that drive growth. We serve clients across Zambia and globally, bringing modern digital solutions to businesses of all sizes — from solo founders to established companies.

Whether you need a stunning website, professional graphic design, compliance support with PACRA and ZRA, or ongoing virtual assistance, we handle it all with precision, care and a clear process.

OUR PROCESS

How We Work

A simple, transparent process you can actually follow — from the first idea to the live handover.

01	02	03	04
DISCOVER We start with a quick call or WhatsApp chat to understand your business, your goals, and the problem you want to solve.	PLAN We turn the goal into a focused plan with deliverables, a timeline and a clear price. No surprises, no hidden costs.	BUILD Our team executes the work — design, code, content, registration, whatever the project needs — with updates along the way.	LAUNCH We hand over a finished, tested, share-ready result and stay available for ongoing support and improvements.

BUILT FOR CLEARER GROWTH

More Than a Service Provider

A	B	C
Clear Direction We turn business goals into a focused plan, practical deliverables and a digital experience your customers can use with confidence.	Media Ready to Grow Our portfolio workflow targets 1 TB media capacity with protected uploads and a transparent usage view for the administrator.	Portfolio-Ready Published work can be shared by link, WhatsApp or email — present the latest projects to clients and partners without delay.
